RIVIERA'S SIGNATURE TO DINE FOR EVENT WHERE GORGEOUS DESIGN, EXQUISITE ARTISTS, & TOP CHEFS UNITE

THE EVENT

In its fifth year, Riviera's Signature To Dine For event was all the rage at The Headquarters located in Seaport District. With over 650 guests in attendance, To Dine For presented its best year yet with partners and attendees having a fantastic experience. On this spectacular evening, 17 of San Diego's top chefs were united with visionary designers and artists, providing the ultimate in tabletop conversation starters. Guests were treated to delicious tastes by the participating chefs and had some of the most awe-inspiring design elements to view in San Diego. Snake Oil Cocktail Company, a Riviera favorite partner, created crafty cocktails for guests to sip while making the rounds with each pairing. Additionally there was a Stella Artois bar, serving up beer favorites Stella & Stella Cidre. Gen 7 Wines provided a gorgeous selection of delectable wines for guests to peruse. Pacific Sotheby's & new App partner Fypio had creative lounges for guests to interact with. Hoehn Motors set the mood of the evening with luxurious vehicles for guests to view while coming in and out of the party. To Dine For would not have been complete without the likes of Tenfold Style providing floral arrangements for the bar and registration areas. It was an evening not to forget!
